Fujitsu recommends Windows 8 Pro.

# Data Sheet Fujitsu ESPRIMO E920 O-Watt Desktop PC

The Innovative 0-Watt PC

Fujitsu ESPRIMO E920 PCs give you the absolute highest PC manageability, performance and expandability. These Zero Noise PCs help you focus on your work and with 94% efficient power supply with 0-Watt technology, you'll also save on energy costs. The use of identical components ensures perfect infrastructure compatibility. At retirement, Fujitsu's distinctive EraseDisk function wipes your data securely.

#### 0-Watt PC

Cost savings by completely reducing off-mode losses

 Patented function for 0-Watt power consumption in off mode with simultaneous management in a time slot that can be optionally set

#### Zero Noise PC

Pleasant working environment due to completely quiet system (solid state disk required)

■ Fan stop in standard operations

# Green technology

Fujitsu's contribution to environmental protection and sustainability

 Halogen-free printed circuit mainboard and power supply, sophisticated product concept for the entire lifecycle

## Energy efficiency coupled with intelligent performance

The best-in-class regarding power consumption combined with new levels of performance

■ 4th generation Intel® Core™ processor family, a switched monitor outlet and a power supply with up to 94% efficiency

# System management

Simple system administration for complex IT infrastructures

■ Intel® vPro™ technology (depending on processor) and DeskView manageability suite
